

# GREY SNOW COMMUNICATIONS

An Iowa Tribe of Kansas and Nebraska Company

## FIBER CONSTRUCTION TRAINING ACADEMY

The Grey Snow Fiber Training Academy provides broadband fiber optic construction and maintenance training courses for students and professionals to learn the necessary skills to safely and efficiently maneuver through the job site.

Our hands-on comprehensive Training Academies are taught in the field, at the classroom, and in hybrid environments making our training courses easily accessible. Through real-world examples and applications our students leave confident in their abilities and with the necessary training to enter the communications construction industry.

### Our Training Courses:

- Underground Utility Construction Course – **UG101**
- Aerial Utility Construction Course – **OH101**
- OSP Optical Fiber Splicing and Performance Testing – **ST101**
- HDD Certification – **HDD101**
- Excavator Certification – **EXC101**
- Flagging Certification – **FLG101**

### **BUILDING A CONFIDENT AND SKILLED WORKFORCE**

Our training programs are taught by experienced instructors who use a variety of teaching methods, including classroom instruction, hands-on training, and virtual reality simulators. This ensures that our students learn the material in a way that is both effective and engaging. Our knowledgeable and expert instructors have decades of experience in the communications construction industry, and they will teach you everything you need to know to be successful.

Whether your looking for yourself or to train a group, we're here to help you succeed. Contact Grey Snow Communications Fiber Training Academy today to learn more about our training programs and how we can help you build a workforce that is ready for the job site.

### **WHO WE ARE**

Grey Snow Communications is one of the individual companies owned by the Iowa Tribe of Kansas and Nebraska. We believe that tribal sovereignty should be at the forefront of every tribally owned business. We provide dedicated services to enhance and support tribal sovereignty and sustainable solutions for tribal, federal, government, energy, and private clients throughout North America.
